BEYCEPS

Lifting and assembly tool, BEY9

- Serious lifting power with precision and control
- Handles up to 400 lbs – stronger than the competition for heavy-duty jobs.
- Expands from 3/16" to 9" – easily control lifting and lowering speeds for smooth adjustments, for installing doors, windows, cabinets, flooring, decks, and more.
- One-handed operation
- Heavy duty construction and removable no-mar pads
- Pinch-free housing

Product Number	Adjustment Range	Lifting Capacity	Approx. Weight	MSRP
	inch	lbs	lbs	
BEY9	3/16 - 9	400	3.30	\$157.85

One-handed trigger clamps with 360° rotating handle

- The patent-pending mechanism allows the adjustable handle to rotate 360° around the rail to optimize ergonomics and versatility
- Adjustable handle allows clamping (or spreading) of several clamps side by side in a confined space
- Large clamping surface distributes clamping force evenly
- Soft touch removable pads protect work
- Ergonomic composite handle

Telescoping Support Rod

- Single handed operation with 2K handle and pump, all while guaranteeing a reliable and secure hold
- Fine tune adjustment by pressing the pump lever until the swivel pad lies against the work piece, then turn the grip to the desired holding force
- Release by first turning the grip, then pressing the release button – safe, one-handed operation
